

Important Information

Route Support Call Center: 509-225-2485

Winery Visitations: Saturday's routes will immerse riders in wine country. Routes will pass more than a dozen wineries with others very close by. The organizing committee has gone to great lengths to ensure that our interaction with the wineries be a rewarding experience for NWTR participants and wineries alike. Please be patient as lines will be likely with groups of our size. Our support teams will haul your purchases back to our logistics center where you can pick them up (picture ID required) during designated hours. If you purchase from a winery that is not adjacent to an NWTR route, please notify our call center, so we can collect your purchase.

Rest Areas: We have staged 25 sanicans through our event on Saturday and Sunday. Please look for sanicans labeled NWTR at designated break stops. Local wineries are sensitive to large numbers overwhelming their restroom facilities. Thank you for your cooperation.

Mass Start: The Mass Start must launch at 9:00 a.m. sharp!! Please try to start staging in front of the convention center no later than 8:30 a.m. Opening Remarks will commence at 8:45a.m.

Ride Photos: Miles John will be the official event photographer again at the 2007 NWTR. Please support his participation by purchasing photos from Miles during the Vendor Fair Saturday and Sunday.

7:30-8:30 PM Randall & Barb Angell Present: **AK 2 FL - "It's All Down Hill from Here"**

Riding their tandem from Alaska to Florida in 2004, Randall & Barb Angell of Bothell, WA completed their long time dream of cycling across North America. Crossing the Continental Divide 15 times, their 165 day, 7,100 mile journey took them through diverse terrain, cultures and weather. Why would two automotive engineers quit their jobs and sell their house in Michigan to capture 16,000 photos of touring bliss? The answer lies in their well-documented half-hour slide show that makes you feel like you were along for the ride. This is an epic adventure you won't want to miss!
